Bulletin

UFV FACULTY & STAFF ASSOCIATION

WEDNESDAY, APRIL 12, 2017

To all FSA members,

***Words & Vision* Correction**

The FSA Communications committee regrets that we breached our own Communications Policy in allowing some executive members to campaign in the most recent edition of *Words & Vision*. Our policy states: "All members running for a position on the executive will have the same and equal access to the FSA official communication tools... to publicize their candidacy. Incumbent officers should not use their regular reports to promote their own or someone else's candidacy."

Regrettably, shop steward Bob McAuliffe's article was left out of the newsletter. Please click on this link (<http://forum.ufv-fsa.ca/t/fairness-perspective-of-a-steward/340>) to read Bob's article in Discourse. We will make sure Bob's article is included in the next edition of *Words & Vision*.
